comply with the requirements of the Privacy Rule that apply to You in the performance of such obligation.

- d. So long as such use or disclosure does not violate the Privacy Rule or this BAA, GoodData may:
 - i. Use PHI as is necessary for the proper management and administration of GoodData's organization, or to carry out the legal responsibilities of GoodData, as provided in 45 CFR § 164.504(e)(4); and

For purposes of this paragraph, "Unsuccessful Security Incidents" shall include, but shall not be limited to, pings and other broadcast attacks on GoodData's firewall, port scans, unsuccessful log-on attempts, denials of service and any combination of the above, so long as no such incident results in unauthorized access to, use of, or disclosure of, PHI.
- h. GoodData agrees to mitigate, to the extent reasonably practicable, any harmful effect that is known to GoodData of any (A) use or disclosure of PHI or ePHI by GoodData in violation of the requirements of this BAA, (B) Breach of Unsecured PHI or (C) Security Incident related to ePHI in violation of the requirements of this BAA.
- i. All PHI maintained by GoodData for You will be available to You in a time and manner that reasonably allows You to comply with the requirements under 45 CFR § 164.524. GoodData shall not be obligated to provide any such information directly to any individual or person other than You.
- j. All PHI maintained by GoodData for You will be available to You in a time and manner that reasonably allows You to comply with the requirements under 45 CFR § 164.526.

- l. To the extent required by applicable law, GoodData shall make its internal practices, books and records relating to the use and disclosure of PHI available to the Secretary for purposes of determining Your compliance with the Privacy Rule.

- m. Further, GoodData shall take reasonable steps to cure a material breach of an agent or subcontractor or terminate its association and/or agreement with the agent or subcontractor. GoodData shall not provide any PHI or ePHI to any third party other than GoodData's agents and subcontractors as necessary for performance under the Service Agreement without Your express written permission or as otherwise required by law.
- n. GoodData agrees that GoodData does not and will not have any ownership rights in any of the PHI.

5. Term; Termination.

- a. This BAA shall be effective as of the date on which the Service Agreement becomes effective and shall continue until terminated by You or until any underlying Service Agreement expires or is terminated; provided however, that the requirements of this BAA shall continue to apply to GoodData to the extent that it maintains Your PHI or ePHI after such termination as provided in Section 5.3.
- b. If GoodData violates a material term of this BAA, as determined by You, You may terminate this BAA, provided that You have provided written notice of the violation to GoodData and GoodData has not cured the violation within thirty (30) days of receiving written notice of the violation from You.
- c. Upon termination of this BAA for any reason, GoodData shall, if feasible, return or destroy all PHI received from You or created or received by GoodData on behalf of You that GoodData still maintains in any form. If return or destruction of PHI is not feasible, GoodData will retain the PHI, subject to all of the protections of this BAA, and limit further uses and disclosures of the PHI to those purposes that make the return or destruction of the PHI infeasible for so long as GoodData maintains the PHI.
